Case Study

Revolutionizing the stone industry transition from offline

HMG Stones remained agile in their approach, constantly experimenting with new digital marketing strategies, technologies, and platforms to stay ahead of the curve and meet evolving customer demands.

The metrics outlined in this case study demonstrate the effectiveness of their efforts in expanding reach, driving engagement, generating leads, enhancing brand awareness, and optimizing customer acquisition cost. This transformation not only future-proofed HMG Stones' business but also positioned them as a leader in the digital era of the stone industry.

True Essence of Nature

Lavender
(Lavandula Angustifolia)

Lemon

- Lemon is an excellent and rich source of vitamin C, an essential nutrient that protects the body against immune system deficiencies
- Lemons contain pectin fibre, which is very beneficial for colon health and also serves as a powerful antibacterial
- Having warm lemon juice early in the morning helps flush out toxins
- It aids digestion and encourages the production of bile
- It is also a great source of citric acid, potassium, calcium, phosphorus and magnesium
- It helps prevent the growth and multiplication of pathogenic bacteria that cause infections and diseases
- It helps reduce pain and inflammation in joints and knees as it dissolves uric acid
- It helps cure the common cold
- The potassium content in lemon helps nourish brain and nerve cells
- It strengthens the liver by providing energy to the liver enzymes when they are too dilute
- It helps balance the calcium and oxygen levels in the liver. In case of a heartburn, taking a glass of concentrated lemon juice can give relief
- It helps maintain the health of the eyes and helps fight against eye problems
- Aids in the production of digestive juices
- Lemon juice helps replenish body salts especially after a strenuous workout session

Pomegranate Fruit Juice

- Fights Cancer
- Prevents Heart Diseases
- Boosts Fertility Problems
- Improves Immunity
- Improves Good Cholesterol Levels
- Healthy Arteries
- Blood Pressure
- Pomegranate Benefits For Weight Loss
- Maintains Skin Health, Hair

Mango

- Prevents Cancer
- Lowest Cholesterol
- Closes the Skin
- Improves Eye Health
- Alkalizes the Whole Body
- May Help with Diabetes
- Improves Digestion
- Helps Fight Heart Stroke
- Boosts the Immune System

Guava

- Immunity Booster
- Lowest Risk of Cancer
- Diabetes-Friendly
- Heart Healthy
- Prevents Constipation
- Improves Eyesight
- Boosts During Pregnancy
- Stress Buster
- Good for Your Brain
- Weight Loss
- Cough and Cold

Papaya

- It Has Powerful Antioxidant Effects
- Papaya Has Anti-Cancer Properties
- Papaya Is Delicious and Loaded With Nutrients
- Papaya Fights Inflammation
- Papaya May Improve Digestion
- It Protects Against Skin Damage

Are you ready to change the way you look at movement forever?

The Power Plate was developed for top athletes. Training on Power Plate can be a short-term and long-term approach to high performing bodies.

Today, many athletes and Paralympic athletes from different sports fields around the world are incorporating Power Plate training into their daily routine. It can be used for warm-up, conditioning, cool-down and for pre-match preparation.

7.8% Six weeks of training on the Power Plate improved the runner's ability to sustain 3.8%.

7.6% After 12 weeks of training on the Power Plate, vertical jump increased by 1.6%.

FASTER

The power plate can be used for effective pre-warm-up exercises before any workout. This will impact the warm-up in a short time by increasing the elements required for the operation to be performed from now on.

PERFORM BETTER

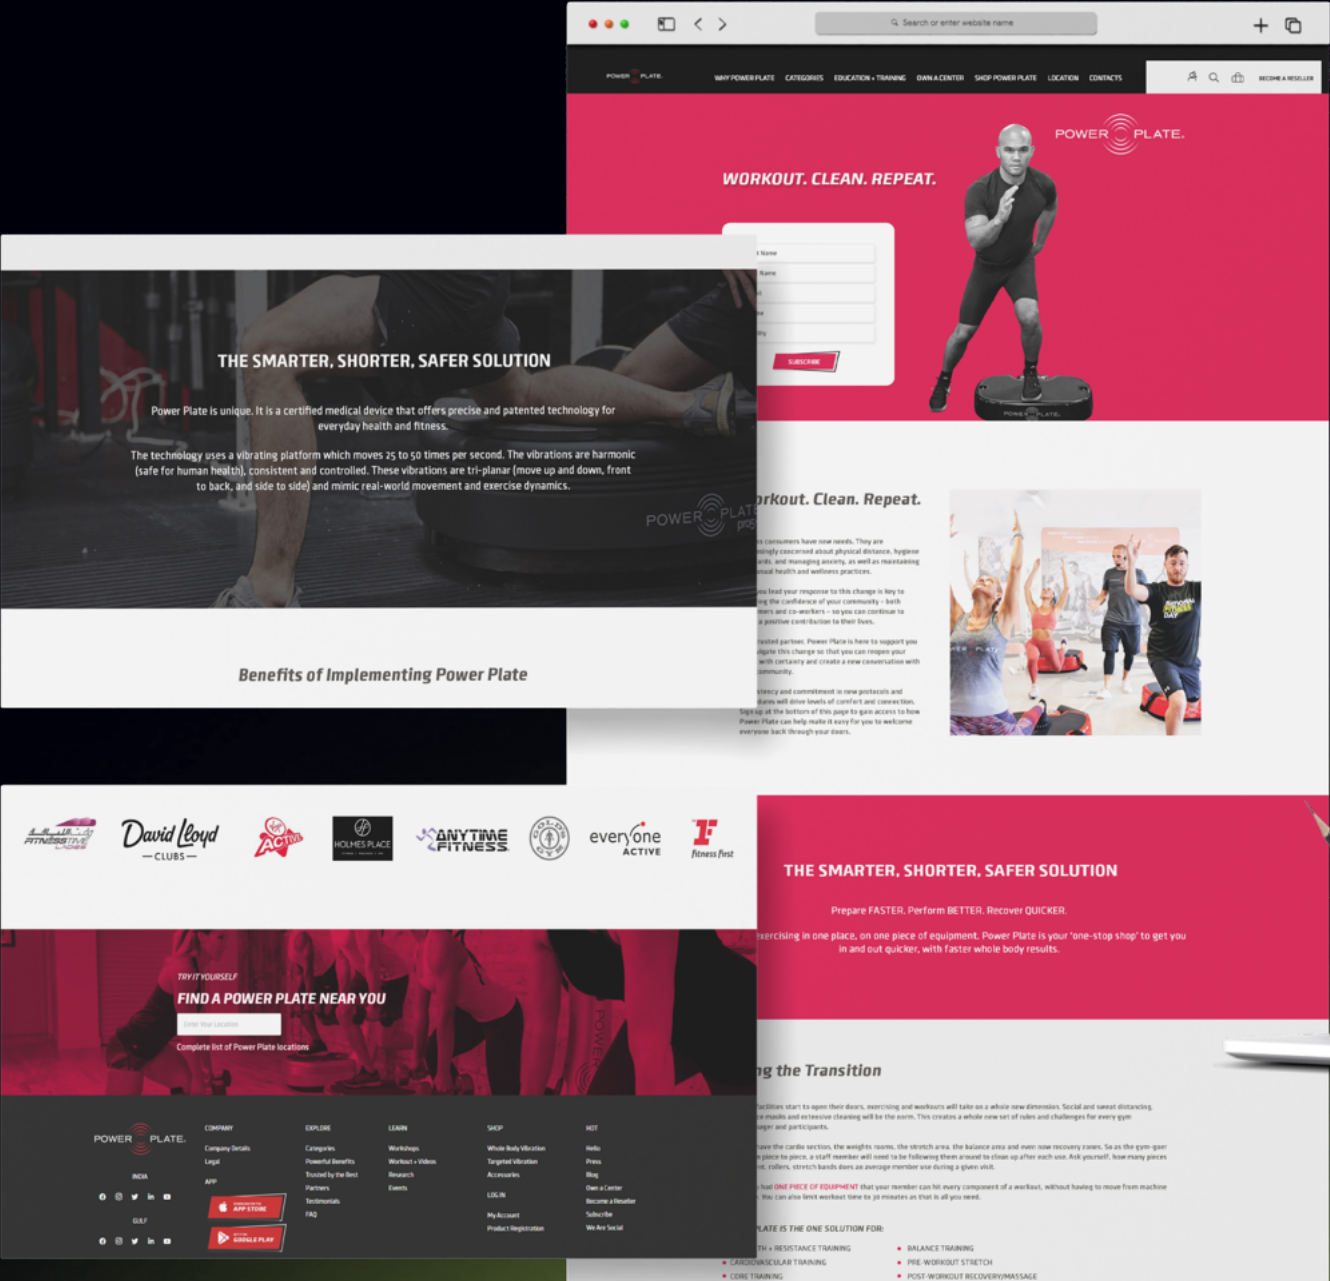

By incorporating the power plate into your training program, you will experience strength training and conditioning effects.

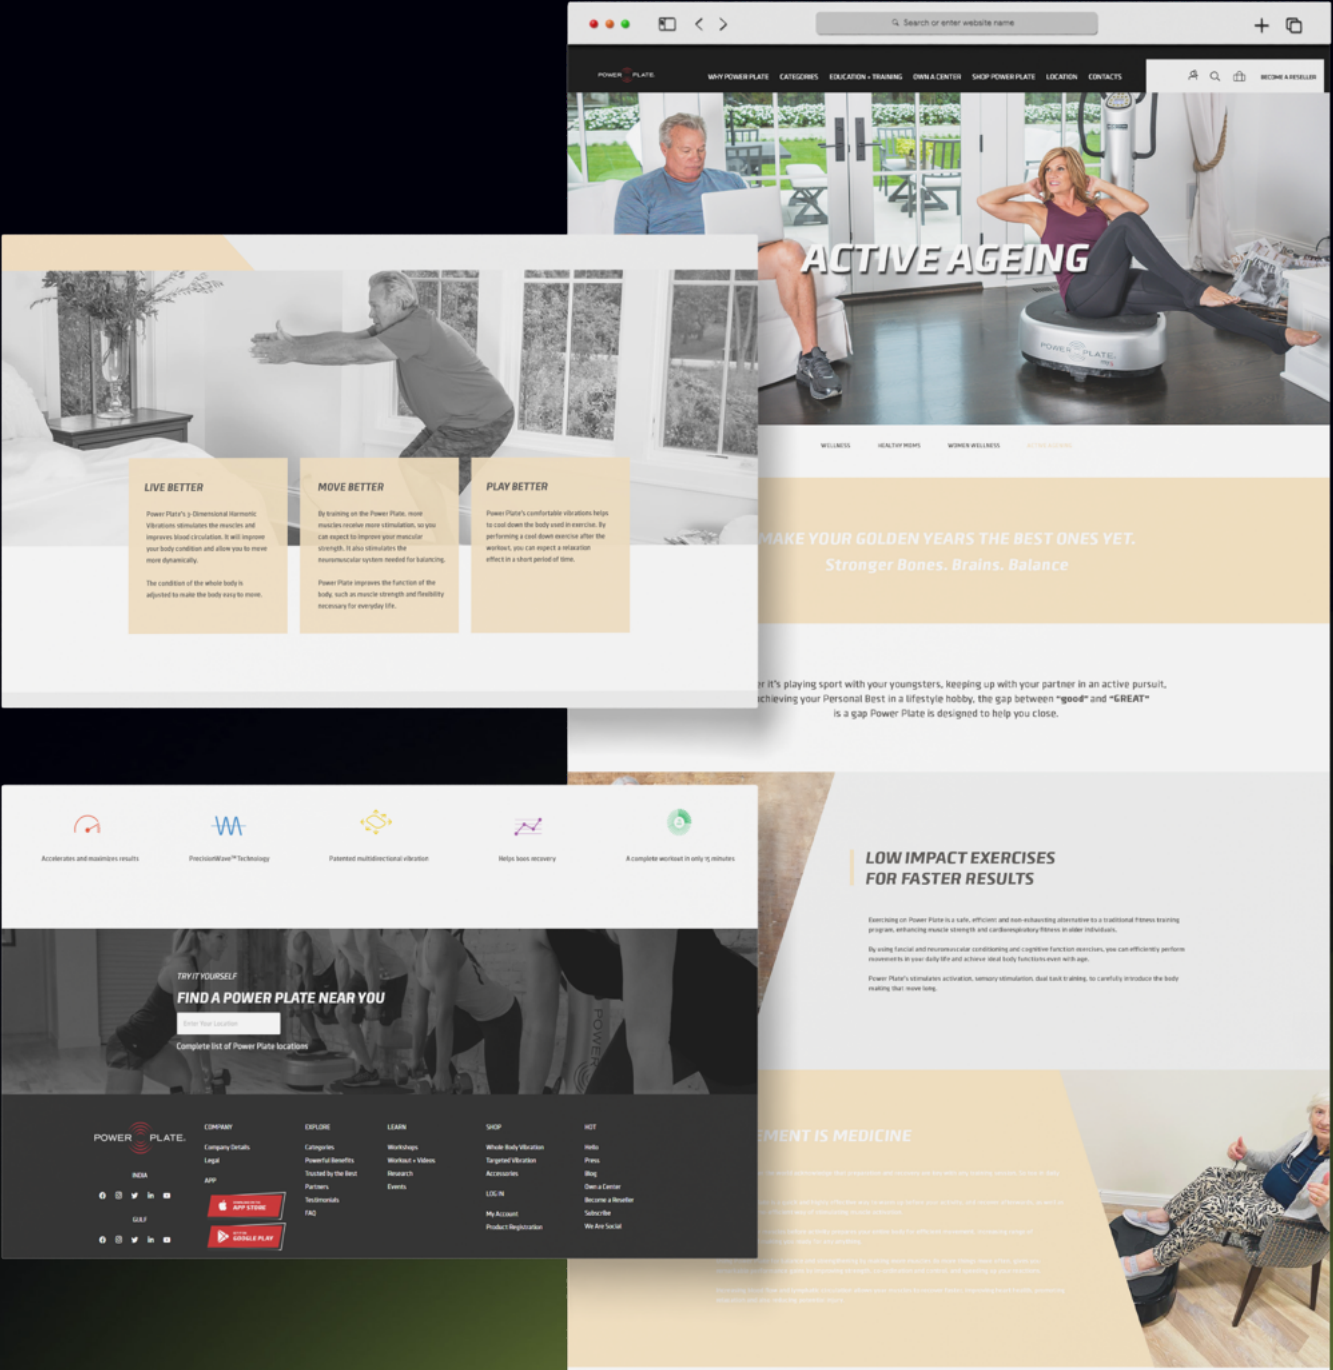

Attend our Facebook, golf and performance workshops to learn how to train effectively.

RECOVER QUICKER

Relaxation after a match or after training. It practices blood flow and helps to relax the body.
